

The background of the poster features two Hot Wheels Monster Trucks racing on a track at night. On the left, a green truck with a skull-like face and yellow teeth is kicking up green smoke. On the right, a blue and yellow truck with a tiger-like face and sharp teeth is kicking up orange and red flames. The track is illuminated with green and yellow lights, and the stadium seating in the background is filled with spectators.

ORIGINAL STOMP

BIGFOOT is the original monster truck – the one that started it all. Created by Bob Chandler in 1975, **BIGFOOT** evolved from a lifted pickup truck into a full-blown monster truck icon that defined the sport. With its massive tires, roaring engine, and unstoppable presence, **BIGFOOT** became a legend across motorsports, even setting multiple world records for car-crushing stunts. It's not just a truck – it's a piece of monster truck history.

BONESHAKER

TRUCK TYPE >>> HOT ROD

STRENGTH >>> SKULL GRINDIN' GRILL

CRASH ATTACK >>> SKULL SMACKDOWN

Bone Shaker is one of the most beloved Hot Wheels originals. Designed by legendary Hot Wheels creator Larry Wood in 2006. When it was scaled up to a monster truck, **Bone Shaker** didn't lose any of its edge — it gained even more. It charges into the arena with power and personality, rock-and-roll attitude. With its rattling roar and bone-chilling style, **Bone Shaker** always brings the energy and scares to the show.

SHARK TOOTH CHOMP

Tiger Shark is a fierce fusion of jungle predator and deep-sea hunter. With tiger stripes across its shark-like body, this hybrid beast is known for its agility, attitude, and animalistic power. Whether it's hitting jumps or pulling stunts.

Tiger Shark is also a standout in the Hot Wheels video game world, making it a fan-favorite on and off the screen.

It's sleek, savage, and always ready to pounce into the hearts of fans young and old. **Chomp...Chomp...Chomp!**

DINO BITE

Mega Wrex is a prehistoric powerhouse – part truck, part dinosaur, and 100% awesome. With razor-sharp teeth, a gnashing jaw, and a scaly design, this T-Rex on wheels roars into arenas with untamed energy. Kids especially go wild for **Mega Wrex**, who often goes head-to-head with its fossilized rival, *Skelesaurus*. Whether it's crushing cars or chomping the competition, **Mega Wrex** is a fan favorite that brings Jurassic-level thrills to every show.

CRASH ATTACK

SLIM & SLAM

Gunkster is the embodiment of slime, sludge, and chaos — and fans love it for that. With its ooze-dripping design and gnarly attitude, **Gunkster** is all about getting messy and wild in the arena. This monster truck is a celebration of gross-out fun, designed to make a splash. Its vibrant green and yellow look makes it stand out on the track, and its unpredictable moves keep fans guessing. It's the ultimate rebel of the Hot Wheels Monster Trucks Live tour.

PREHISTORIC POWER CHARGE

Skelesaurus is no ordinary monster truck – it's a fossilized fury on wheels, straight out of a prehistoric nightmare and into the spotlight! Fueled by raw dino power and a flair for the dramatic, **Skelesaurus** tears across the arena with bone-rattling jumps, spine-tingling spins, and enough attitude to scare the tar out of the competition. If you hear the rumble and feel the groundshake... **Skelesaurus** is on the loose!

FIREBALL STOMP

Sound the sirens – **5 Alarm** is here to save the day! This firetruck-themed monster truck is built for high-octane heroics. Kids and adults alike love its unique firetruck identity mixed with true monster truck performance. It's fast, it's fierce, and it's fearless. Whether it's lighting up the arena with flame-inspired stunts or racing to be the crowd's favorite, **5 Alarm** never backs down from the heat.

The logo for the event is centered in the image. It features the 'Hot Wheels' logo in its signature red and yellow flame font. Below it, the words 'MONSTER TRUCKS' are written in a large, bold, metallic blue font with a 3D effect. Underneath that, 'LIVE' is written in a smaller, white font. At the bottom of the logo, 'GLOW-N-FIRE' is written in a stylized, flame-like font with a yellow and orange gradient.
